My nScreen

Using My nScreen app you can share your smart phone content or control TV like as remote, whatever ios or android. To download My nScreen app for android or ios, scan QR code from My nScreen page. To enjoy this feature both devices should be under same Local Area Network. Enter My nScreen app from Home menu

My nScreen

You can Also download the My nScreen App from Google Play store_

My nScreen UI

The control Screen is like below

My nScreen as media sharing

User can share audio, video and photo content from mobile to Televisions by My nScreen app. Following image for photo sharing.

My nScreen as remote

Using My nScreen app, it is easier to control the TV by smart phone from any direction. All remote functions are available under this app.

Go Live TV

By Go live TV app user can watch online TV channels based on their availability in server. This feature needs high speed internet connection. For this you have to install Go-Live as in the following picture_

The screenshot shows the GoLive TV app installation page on a smart TV. The background is dark with a light blue and white gradient on the left. In the top right corner, there are icons for Wi-Fi, a hand, and a speech bubble. The app icon is a blue square with a white play button and the text 'GoLive TV' below it. To the right of the icon, the text 'GoLive' is displayed in a large, white, sans-serif font, with 'For remote operation' in a smaller font below it. On the left side, the following information is listed in white text: 'Version: V1.0', 'Category: Video', 'Size: 2.88 M', and 'Release Date: 2013-05-23'. In the center, there is a dark grey rectangular box containing a white text description: 'The way that we view television is evolving, subscribers now eager to have more choices on content than ever before. Golive aim to provide global web TV channels and live shows through Smart TV.' Below this text are two small screenshots of the app's interface. The left one shows a list of channels with a 'GoLive TV' button. The right one shows a settings menu with fields for 'Account', 'Phone', 'E-mail', and 'Package'. Below these screenshots, the text 'Short buffering time decrease wait time for' is partially visible. At the bottom center, there is a large, rounded rectangular button with a yellow border and the text 'Install' in white.

Version: V1.0

Weather

Weather apps provide you the temperature of different countries and different locations. Like in New York, USA the temperature is_

The screenshot shows a weather application interface with a blue background. On the left, there is a 'Select country' section with a vertical list of letters (D, E, F, G, H, I, J, K, L, M, N, O) and corresponding city names. 'New York City, New York' is highlighted. The main area displays the title 'New York City, New York' and a 5-day forecast. Each day's forecast includes the date, temperature range in degrees Celsius, a weather icon, and a description of the weather conditions.

Date	Temperature (°C)	Weather
22 Aug (Sat)	20 - 30 °C	Sunny
23 Aug (Sun)	19 - 28 °C	Partly Sunny then Slight Chance Showers
24 Aug (Mon)	21 - 29 °C	Slight Chance Showers then Slight Chance THUNDERSHOWERS
25 Aug (Tue)	22 - 28 °C	Chance Showers
26 Aug (Wed)	20 - 28 °C	Mostly Sunny

Face book

Calculator

Calculator makes your calculation easier and reduces mental effort as well as save your time. Enter it from Home Menu_

Games

Play Game, pass time reduce tiredness. To enter games go to smart menu and choose "Games"

Sudoku

"Sudoku" is a 9×9 square matrix made up of nine "square" (the 3×3 square matrix drawn by black solid line in the graph), each of which is made up of nine sub-boxes. Fill out number 1~9 in the blank sub-box, make each number shows only one time in each line, each row and each square.

		8				5		1
6	9	1	5				7	4
	7	2		8			1	6
	4	9	1		3			
			4		2	9		8
2		4	6				5	
	3		2	1	4	6		
		7			9
